

PEATS ORGANIC LOAM

Ideal for new planting,
turf and raised beds

FACT SHEET

peats 
SOIL & GARDEN SUPPLIES

Peats Organic Loam is the product for you if you are looking to create new garden beds, top up some existing ones or establish new lawns or ovals.

A mixture of screened loam and Peats Organic AS4454 Compost, it is the ideal product to establish new turf plantings or garden beds whether your job is large or small.

Peats Organic Loam provides a friable, easy to work product capable of supporting plant and grass growth in the initial establishment period.

- Ideal for lawn and garden establishment
- Budget priced
- Encourages early stages of growth
- Organically enhanced
- PH neutral

*To maintain continued healthy growth
a suitable fertiliser should be added at
regular intervals*
